— Mrs. Calista Morgan, Corra. —

There are certain things each person can enjoy in his life, such as a mountain to which he may look up once in a while, a peaceful grove, a sunny meadow or a woodland brook or river.

One morning early, seven twenty by the clock, I embarked Boat for the coziness of Salsboro River. It is no longer wild and turbulent as at times in early spring. It just flows on between its grass-lined banks with its silvers and other growth.

The stones and pebbles at the bottom reflected glints of the soft colors where the sun came down through the limbs locked branches high above. With my camera I captured these shadows, which always seem different.

In "Old Swimming Hole" days this spot could have captured the interest of the farm boys. It is wider and deeper with sand at the side. Maybe the high water of spring gradually gouged out the river bed and formed the pool.

Here I paused a while to watch the cedar waxwings and wondered if they were the same that took the string at arm's length from me this spring. They certainly were greedy. I have pictures of them with their beaks so full of string that they look as if they had long white beards but were exquisitely dressed. Colored string they would not touch. Now there was no noisy warning of their coming. They were gentle, refined in manner, courteous to one another, almost silent visitors. Occasionally their hissing, "beet-beet-beet" call notes, like a hushed whispered whistle, were their only sounds.

A glaze among the grasses disclosed the lovely wild roses still blooming among the greenery.

Hartell in honor of her approaching marriage. There will be a reception the 16th at Westcongo Inn, following the wedding.

Mr. and Mrs. Gayden Davis and Esther Davis spent Friday visiting with Miss Edith Davis and friends at a camp on Sango Pond.

Dr. and Mrs. Richard Cole and family arrived Wednesday from Pennsylvania and will occupy the Davis camp on North Pond for two weeks.

Heat has been the chief subject the past week. All that were able made their way to the swimming beaches in a vain attempt to keep cool. Then the news seems to be scarce at this writing.

Cora attended the auction on the ground by Chase's store in West Paris conducted by Rodney Paine and others.

Mr. and Mrs. Edward Penley, Passmouth, Florida, called on their sister, Mrs. Jessie Andrews, Saturday.

Callers on Mrs. Jessie Andrews and Mrs. Leslie Ford during the week were Mrs. Lettie Ellingwood, Deafield; Hattie Curtis, Calista Stevens and Rosa Proctor from West Conover.

Mrs. William Wright is much impressed at the Stephens Memorial Hospital and can see visitors now. Mrs. Nicholas Clements called on her at the hospital recently.

Mr. and Mrs. Maynard Fleming went to Camp Lawrence in Wald, Sunday.

Mrs. Jessie Andrews and Mrs. Lettie Ford attended the meeting of the Women's Relief Corps which was held at Mrs. Arlene Farrar's cottage on Pleasant Pond, Monday.

Late July is the time of quiet waters moving slowly along. The ponds and rivers are like brooks, smooth and blue, reflecting the sky above, the clumps of leaning ferns, the gray-black decaying limbs, and vase-like elms so fast disappearing from our landscape.

My play on the river this morning was short. The usual things were there: the turtles, the lilies, the many ferns, with their graceful symmetry, but waiting at the farm were the berries to be picked. So I returned, shed Boat and went to pick them.

Then, there was a sticky heat and muggy sultriness over everything like a half-lying-on blanket.

In the back ground the cabird with his many moods, entertained me. He perched on a limb near by and began to leer and mock, scold and grumble. I shouldn't be there. Then presently with a sudden change of heart he came his sweet-loved melody blending with the beauty of his surroundings. He changed position and then again his scolding, "out of here, out of here," a cat growl, or a low guttural tone resembling the half-bow. Another instant, change, notes to match his handsome out-

fit, slate-gray with reddish, chestnut color beneath his tail coverts.

He kept me company with his chatter for this was a day alone here. My usual helpers had other tasks, today, just as hot, as the sun followed its trail across the sky. I was the luckiest for "cat" came and went and came again, keeping watch, scolding and singing through out the three hours I was there. I enjoyed his company!

Mr. and Mrs. Walter Inman left on Saturday for a week of fishing in the Jackman area.

Mrs. Frazee Mills and Mrs. Clyde Morgan attended the funeral of their aunt, Ada Tanner, on Saturday.

Raymond Hakala has finished his service in the Air Force and is at the home of his parents, Mr. and Mrs. Stanley Hakala.

Mr. and Mrs. Ervin Hayes and sons are here from New York visiting at the Hayes homestead.

Mrs. Frazee Mills and Mrs. Clyde Morgan were recent callers at their aunt's, Hattie Curtis, in West Sum-

ner. Alfred Saarinen, Westbrook, was a recent caller at Bernard Morgan's. Jean Millett and Irene Stevens at-

tended the Democratic meeting on July 25 at Locke Mills at which Senator Muskie was the guest speaker.

Brenda Millett is on a trip to Nova Scotia and Prince Edward Island with Dr. and Mrs. Sherwin of Rumford.

The Stanley Hakala family and the Ed Mason family attended the wedding reception for Lila Kilpoot and Greg Varney at South Paris, Saturday evening.

Maureen Millett is with her grandparents, Mr. and Mrs. James Coffin, West Paris, this week.

Callers this week at Mr. and Mrs. Norman Millett's were: Barbara Wilson and family, Georgia Mason.

Floris Polard, Bethel.

Sherry Millett is spending this week with Mr. and Mrs. Dwight Oldham in Peru.

Raymond Hakala spent Monday night with his uncle, Donald Morcy, in Connecticut, on his way home from New Jersey.

Mr. and Mrs. Frazee Mills visited friends in Peru on Sunday then returned to their cottage, here.

Christian Science
The symbolism and allegories of
the Bible are helpful in conveying
spiritual truths that cannot be un-
derstood in material terms, accord-
ing to the Lesson Sermon on "Spirit"
to be read in all Christian Science
churches on Sunday, Aug. 9.
An explanation of unseen spiritual
power offered by Christ Jesus to
Nathaniel and included in the Les-
son Sermon states: "The wind blow-
eth where it listeth, and thou hearest
the sound thereof, but canst not tell
whence it cometh: so it is with the
spirit: so it is every one that is
born of the Spirit."
One of the accompanying passages
from "Science and Health with Key
to the Scriptures" by Mary Baker
Eddy, Discoverer and Founder of
Christian Science, reads: "Spirit
breathes man, but man cannot tell
whence it cometh." By it the sick
are healed, the sickening are com-
forted, and the sleeping are reformed.
These are the effects of one uni-
versal God, the invisible good draw-
ing to elevated beings.
All are welcome to attend services.

SCHOOL DIRECTORS MEET

continued from Page One
cussion to provide transportation for
14 days of 1970 pre-season football
practice. It was estimated that the
cost would be about \$425, utilizing
two van-type vehicles and one large
bus.

Following extended discussion of
contracting vehicle maintenance
work to an outside party versus
maintenance by district personnel,
the board voted that a low-cost ga-
rage should be built by the District.
A final decision on the project by
the board cannot be made until ap-
proval is granted at the State level.
It is understood that the Department
of Health and Welfare has not yet
acted on the plans.
The board approved the submis-
sion of an application for Title I
funds for the on-going English-Rem-
edial Reading Project.
Mr. Gerardi reported that vehi-
cles were available for driver ed-
ucation during the school year. The
board approved the withholding of
funds for the matter until
students can be surveyed in Septem-
ber.
Approved also was a request to
delay from Sept. 1 to Nov. 1, a re-
port on a Kindergarten-Grade 12
drug program to permit further
consultation and planning within
the administration.

Mr. Gerardi reported that the
Special Education Class is to be
moved from Ethel Blisbee School to
Crescent Park School to permit its
students to be with their own age
level. This was recommended by Al-
len Messer, former elementary su-
pervising principal. This will neces-
sitate one class of grade three being
at the Blisbee School. The grade
three group to be transferred will
be selected at random by the new
supervising principle, Edward Flynn.
The board voted that out-dated
policies regarding non-teaching per-
sonnel be replaced with the "Wage
Schedule-Fringe Benefit Program for
Non-Teaching Personnel" dated
June 1, 1970.

Following extended discussion in
executive session the board approved
by a vote of 12 affirmative, with
one abstention, the payment of
\$12,234 to Barrows-Mayflower Co.
Directors not present at the Mon-
day meeting were: Milton Mills,

GOSPEL CENTER TO
OPEN AUGUST 9

The Bethel Gospel Center will hold
its first service in the Odd Fellows
Building, August 9.

Gospel means simply good news
and according to the Bible in I
Corinthians 15:1-4 the gospel is Christ
dying for our sins, being buried, and
rising again the third day.

It is the purpose of the Gospel
Center to teach how these facts can
transform lives today. Jesus Christ
promises peace in our hearts even
in times of trouble, love toward our
fellow men when they despise us
use us, plus eternally with Him to
those who believe.

There will be special music each
week and testimonies of those who
have experienced a change in their
lives plus a Bible centered message.
Pastor Robert Colby extends a
most cordial invitation to any who
would like to attend.

CONSERVATION SCHOOL
CONDUCTING FINAL ADULT
SESSION OF SEASON

Maine's Conservation School at
Bryant Pond has gone into its final
adult session with 23 people from
four states attending this 14th year.
The school is sponsored by the
Conservation Education Foundation
of Maine, the Maine Inland Fish and
Game Department, other federal and
state natural resource agencies, and
the state university system.

David Abell of Brewer, a graduate
forestry student at the University of
Maine-Orono, is teaching a special
course in basic field ecology.

A field course in the earth sciences
is being taught by Prof. Robert Mil-
ler, head of the science department
at the UM-Corham.

Marshall T. Wiebe, executive di-
rector of the school and conserva-
tion education supervisor for the
Fish and Game Department, said
students are enrolled from Vermont,
New Hampshire, New York, and
throughout Maine. He said the school
will complete its year with youth
sessions following the close of the
adult courses on Aug. 14.

HAROLD RICH'S TONSORIAL
TRIUMPH

His lengthening hair in the pro-
longed heat wave proved too much
for Harold Rich that Thursday morn-
ing. Entering the town's only barber
shop, he met Stan Fox who was leav-
ing for lunch. How long is a lunch
hour on a hot day in a small town?
Who knows for sure?

Desperately, Mr. Rich stopped at
a friend's home, hoping he would
have a pair of clippers left from his
dog and horse raising days. No
luck, nor could they think of any
young mothers bothering with clip-
pers for kids' crew cuts any more.

After spending a short visit remi-
niscing about school days, Harold
and friend had a sudden inspiration.
Doc Jim Hudson lived just up the
road; he had clippers and was pre-
tly clever with them.

It took a few minutes for Doc to
finish giving a little girl's dog his
rabies shot, and in no time at all,
Harold's hair was neatly trimmed.
How much did it cost? No charge.
Harold felt much cooler—besides it
saved him money. A trip to the
regular barber cost him about
one cent per hair—a total of \$2.00.
Just think what you young pups
would save if Doc Jim were the
town barber instead of our accom-
modating Vet!

Aug. 3, 1972
Dear Editor:
Please allow me the use of your
column to give public recognition to
the Greenwood Volunteer Fire De-
partment.
Men and equipment were at the
scene of a woods' fire on July 26
in an almost unbelievably short
length of time.
Their response would do justice to
most experienced departments.

WITH CONTACT SPORTS
THERE MAY BE ATHLETIC KNEE

More knee injuries are reported for people active in contact sports than most any other injury. Among young athletes and professionals these injuries are particularly dangerous. Not only have promising careers been cut short, but sometimes serious permanent damage has resulted.

Youngsters have to be especially careful. In this respect, proper training and good conditioning are most important. However, if a person is injury prone a protective elastic bandage or a special support could cut down on the chances of getting hurt. Of course prompt medical treatment for any knee injury is a must.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.
